## ABOUT THIS RELEASE:

Daniela La Luz is back, releasing on her own label 'Dimension Of Being Human'.

'My House (Is Your House)' is the anthem heralding her triumphant return to the soundsystems & dancefloors.

Once again she proves her prowess as a masterful musician, producer and vocalist, blending the soulful essence of Chicago House with contemporary beats.

Pulsating with infectious energy and Rhode sounds, 'My House (Is Your House)' serves as a tantalizing preview of what's to come in her full-length album dropping on March 1st, 2024!

You can interpret 'The House' as a music style, as your safe space/shelter, or the earth, the house of all of us.

The message is to share our beautiful globe in friendliness and sustainability.

'My House (Is Your House)' will be pressed onto the vinyl album.
